

## COUNCIL AGENDA ITEM MEMORANDUM

---

**DEPT./DIVISION SUBMISSION & REVIEW:**

Don Bond, Director of Public Works

Kenton Moffett, Assistant Director of Public Works

**ITEM DESCRIPTION:** Consider adopting a resolution authorizing a services agreement with MultiVolt Electric, Inc. of Temple for the maintenance and repair of the telemetry and supervisory control and data acquisition systems in the estimated amount of \$50,000.

**BACKGROUND:** Authorization of this service agreement with MultiVolt Electric, Inc. (MultiVolt) will provide for as-needed telemetry and supervisory control and data acquisition (SCADA) services for systems installed within the City. The telemetry and SCADA systems assist in the management of the City's water distribution system at the Water Treatment Plant. In addition, the City has telemetry and SCADA systems implemented to help manage the wastewater collection system and traffic control system.

Request for Proposals #51-01-25 was issued to procure telemetry and SCADA maintenance and repair services. Two proposals were received from Logos Automation, LLC of Chattanooga, TN and MultiVolt. An evaluation committee comprised of Public Works staff reviewed and scored proposals based on the stated evaluation criteria: overall pricing, approach for providing services, reputation, and availability of qualified staff. It was determined that MultiVolt will provide the best value for the City, as shown in the attached proposal tabulation.

The initial term of the agreement will be October 1, 2024 through September 30, 2025, with the option to renew the agreement for four additional one-year periods, if mutually agreed to by both parties.

**ALIGNMENT WITH ADOPTED PLANS:**

Plan	Comments
Strategic Plan	This item supports the City of Temple's Strategic Plan goal of "Infrastructure, facilities, and systems that support exceptional services and community growth," as well as the commitment to "Plan for, design, construct, and maintain high quality water, wastewater,

Plan	Comments
	and drainage infrastructure, systems, and services that meet the needs of the community now and in the future.”

**STAFF RECOMMENDATION:** Adopt resolution as presented in item description.

**BOARDS & COMMISSIONS RECOMMENDATION:** This item was not reviewed by any of the official boards and commissions.

**FISCAL IMPACT:** Funding for a services agreement with MultiVolt Electric for maintenance and repair of the telemetry and SCADA systems is available in the estimated amount of \$18,000 in account 520-5100-535-2319. The remaining \$32,000 is reserved for additional telemetry and SCADA services or equipment purchases by various departments on an as-needed basis. The estimated annual expenditure of \$50,000 is based on historical expenditures.
