

COUNCIL AGENDA ITEM MEMORANDUM

DEPT./DIVISION SUBMISSION & REVIEW:

Don Bond, PE, Director of Public Works
Richard Wilson, PE, CFM, City Engineer

ITEM DESCRIPTION: Consider adopting a resolution authorizing a construction contract with Patin Construction, LLC of Taylor for construction of the 24th Street Overpass and Pedestrian Improvements in the estimated amount of \$4,022,450.

BACKGROUND: Approval of this item will allow for the execution of a construction contract with Patin Construction, LLC (Patin) for construction of the 24th Street Overpass and Pedestrian Improvements.

On December 15, 2022, Council authorized a professional services agreement with Kasberg, Patrick & Associates, LP (Engineer) to design the 24th Street Pedestrian Facilities. During design staff identified overpass roadway approach failures that would impact pedestrian improvements. Contract amendments #1 through #5 were executed to include geotechnical reports, surveys, and design of roadway improvements. During design TxDOT performed a bridge inspection and required repairs are included in this design. This construction contract will address all roadway overpass deficiencies and add pedestrian improvements including lighting. See the attached project map.

On June 25, 2024, the City received four (4) base bids for this project in response to Bid #34-06-24. Base bids ranged from the low bid of \$4,022,450 to high of \$5,634,195 as shown on the attached bid tabulation. No bid alternatives were included in this bid package. The opinion of probable cost was \$3,220,000.

As indicated on the attached Engineer's Letter of Recommendation, Patin was the low responsive bidder. It is the recommendation of the Engineer and the City staff to award the bid as outlined in the Engineer's Letter of Recommendation and Bid Tabulation.

Time allotted for construction is 270 days from the notice to proceed.
