Land Use Code 210 - A single-family detached housing site includes any single-family detached home on an individual lot. A typical site surveyed is a suburban subdivision.

Land Use Code 215 - Single-family attached housing includes any single-family housing unit that shares a wall with an adjoining dwelling unit, whether the walls are for living space, a vehicle garage, or storage space.

Land Use Code 220 - Low-rise multifamily housing includes apartments, townhouses, and condominiums located within the same building with at least three other dwelling units and that have two or three floors.

Land Use Code 720 – A medical-dental office building is a facility that provides diagnoses and outpatient care on a routine basis but is unable to provide prolonged in-house medical and surgical care. One or more private physicians or dentists generally operate this type of facility.

Land Use Code 822 - A strip retail plaza is an integrated group of commercial establishments that is planned, developed, owned, and managed as a unit. Each study site in this land use has less than 40,000 square feet of gross leasable area (GLA).

Total crashes: 20

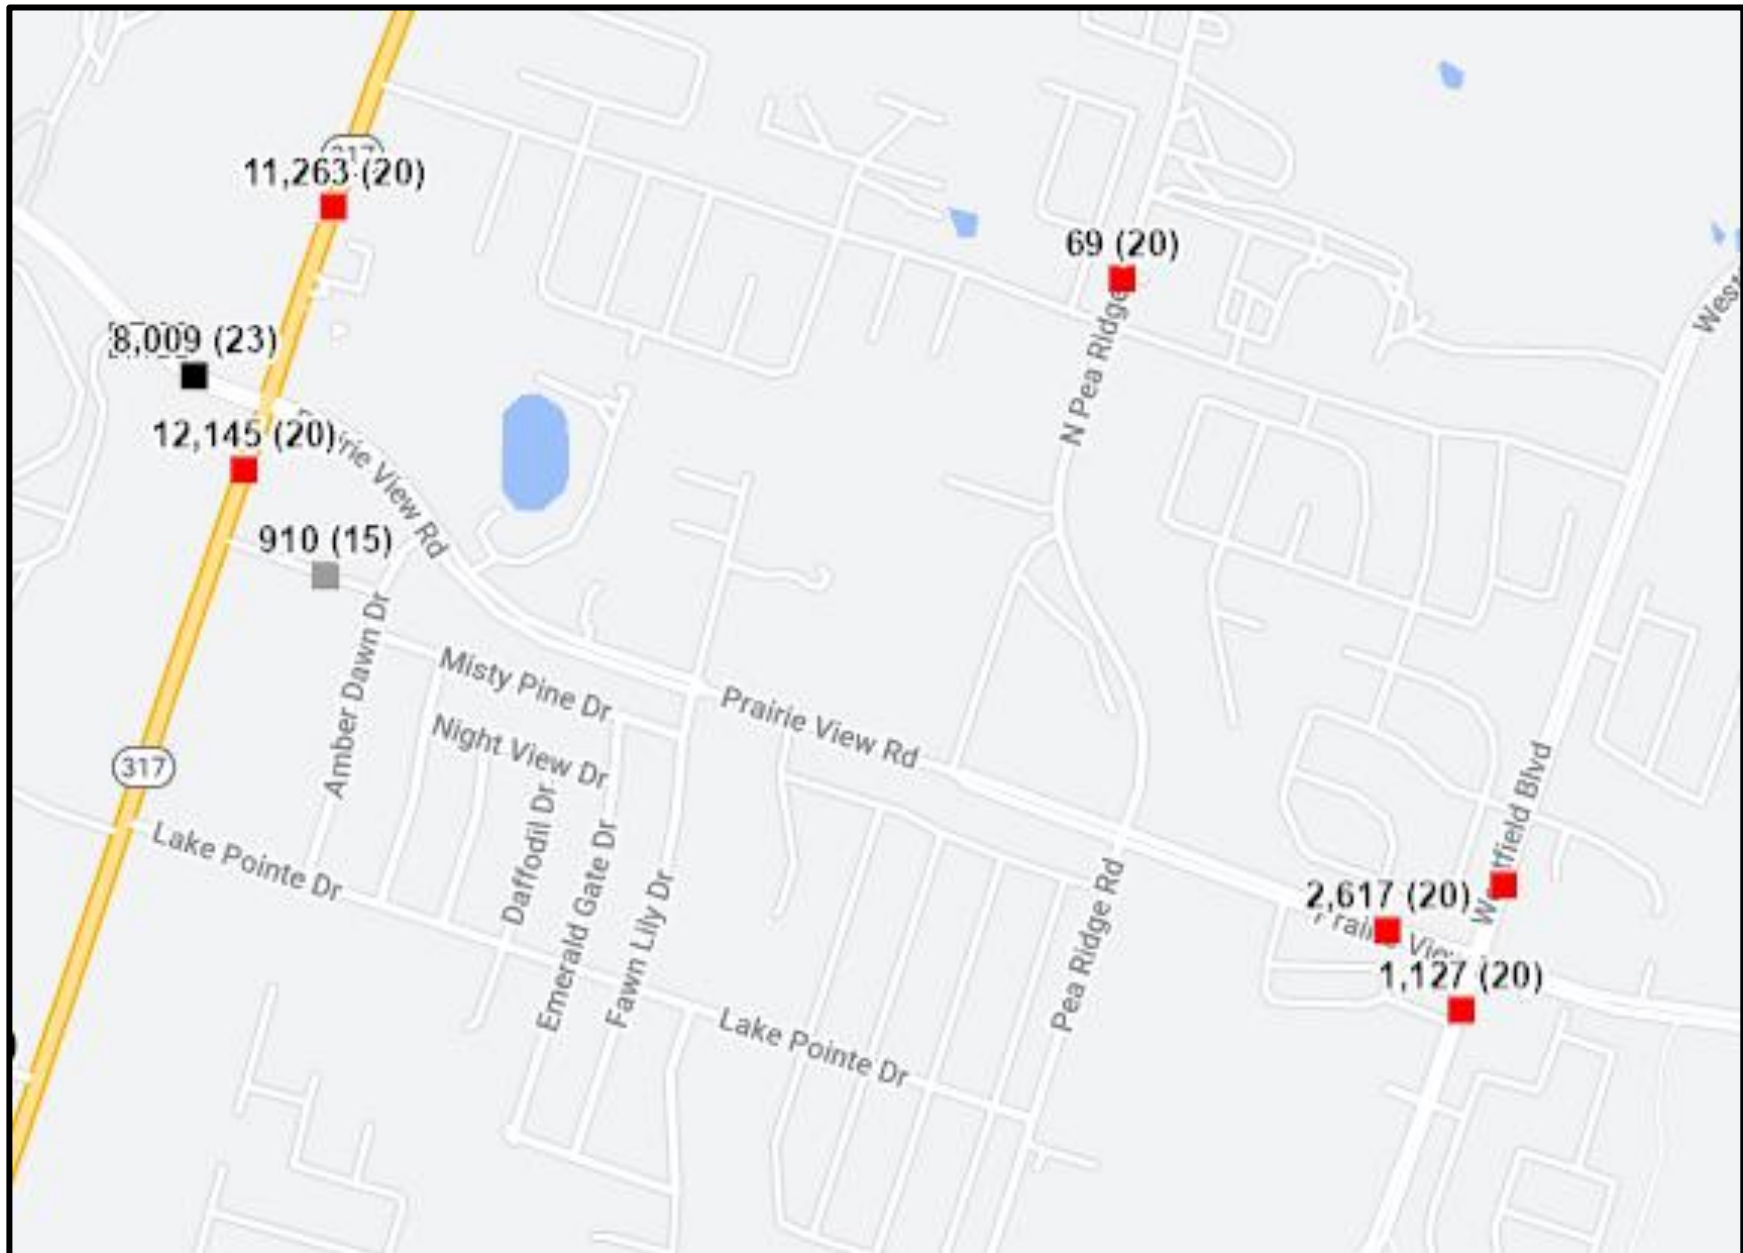

Most frequent factors:

Failed to Yield Right-Of-Way (various): 5

Under Influence (Alcohol): 3

Failed to Control Speed: 3

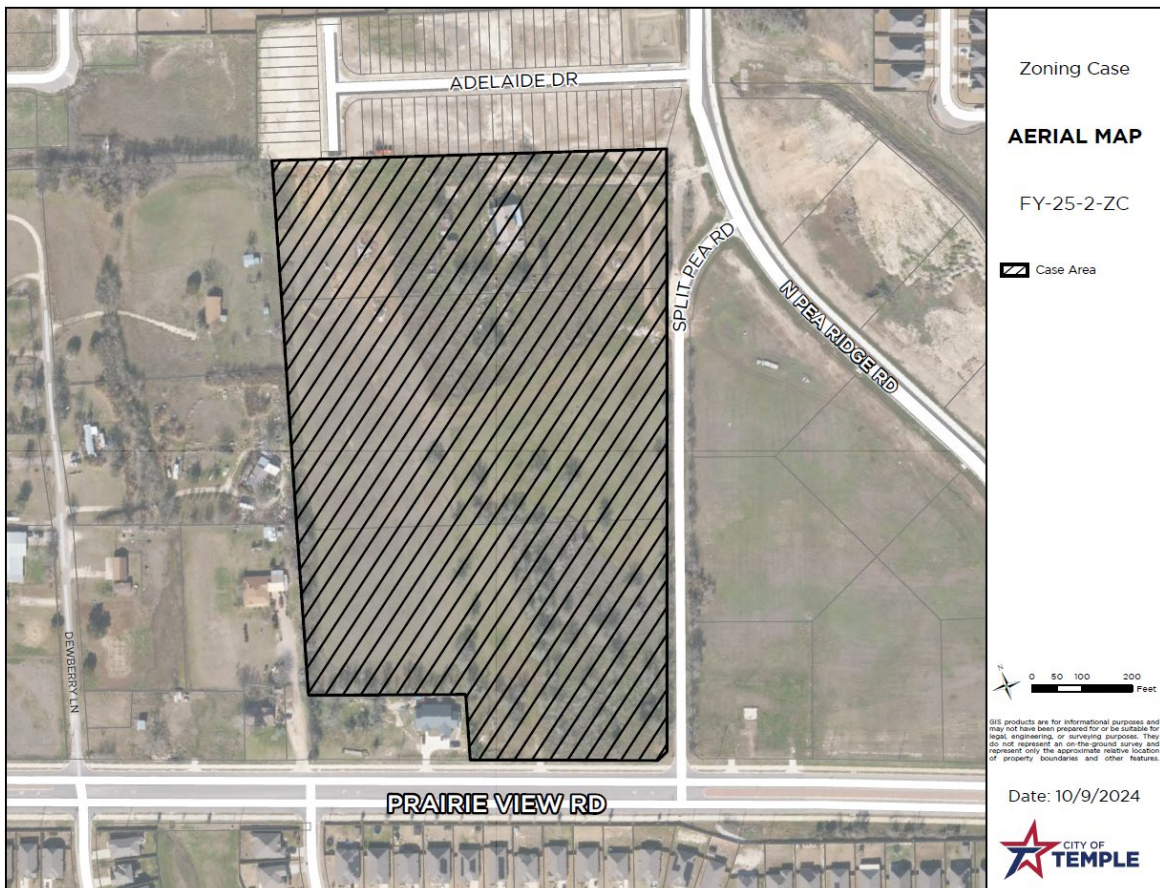

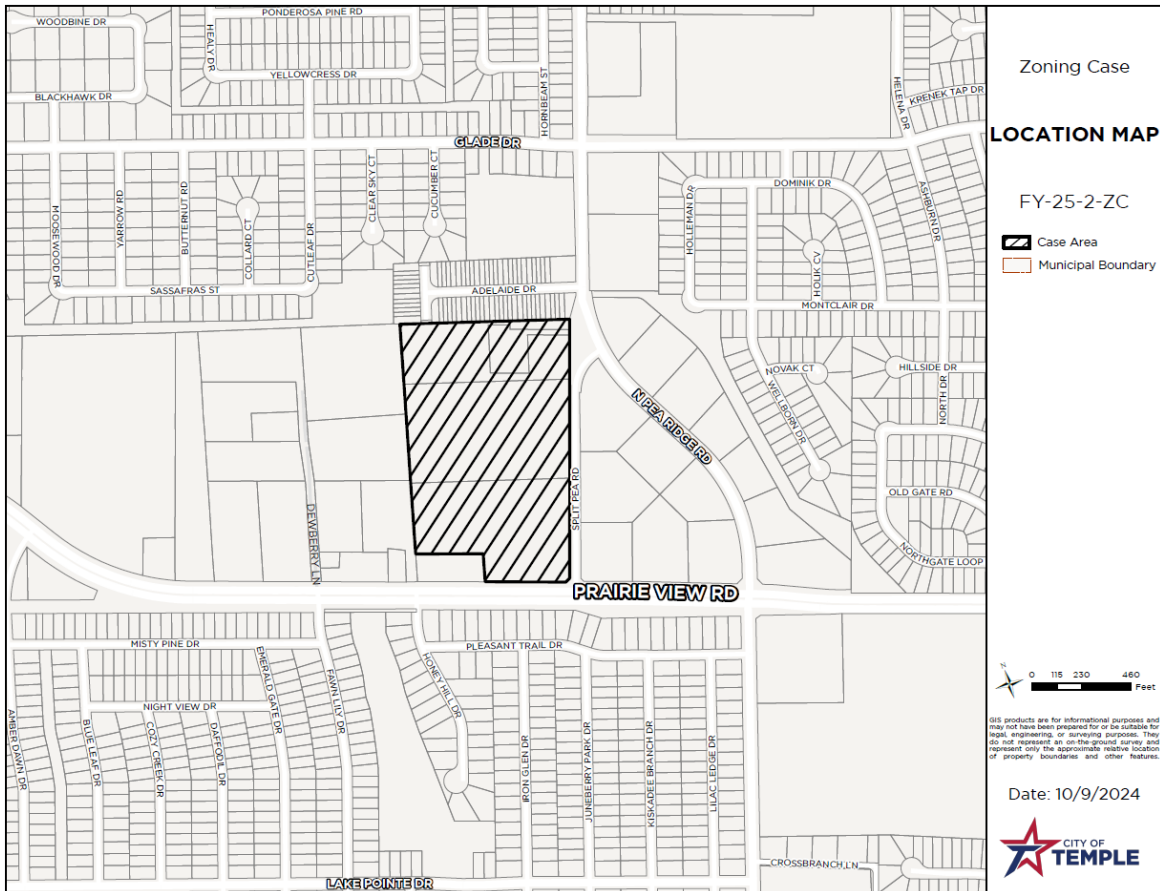

Other (Explain in narrative): 3

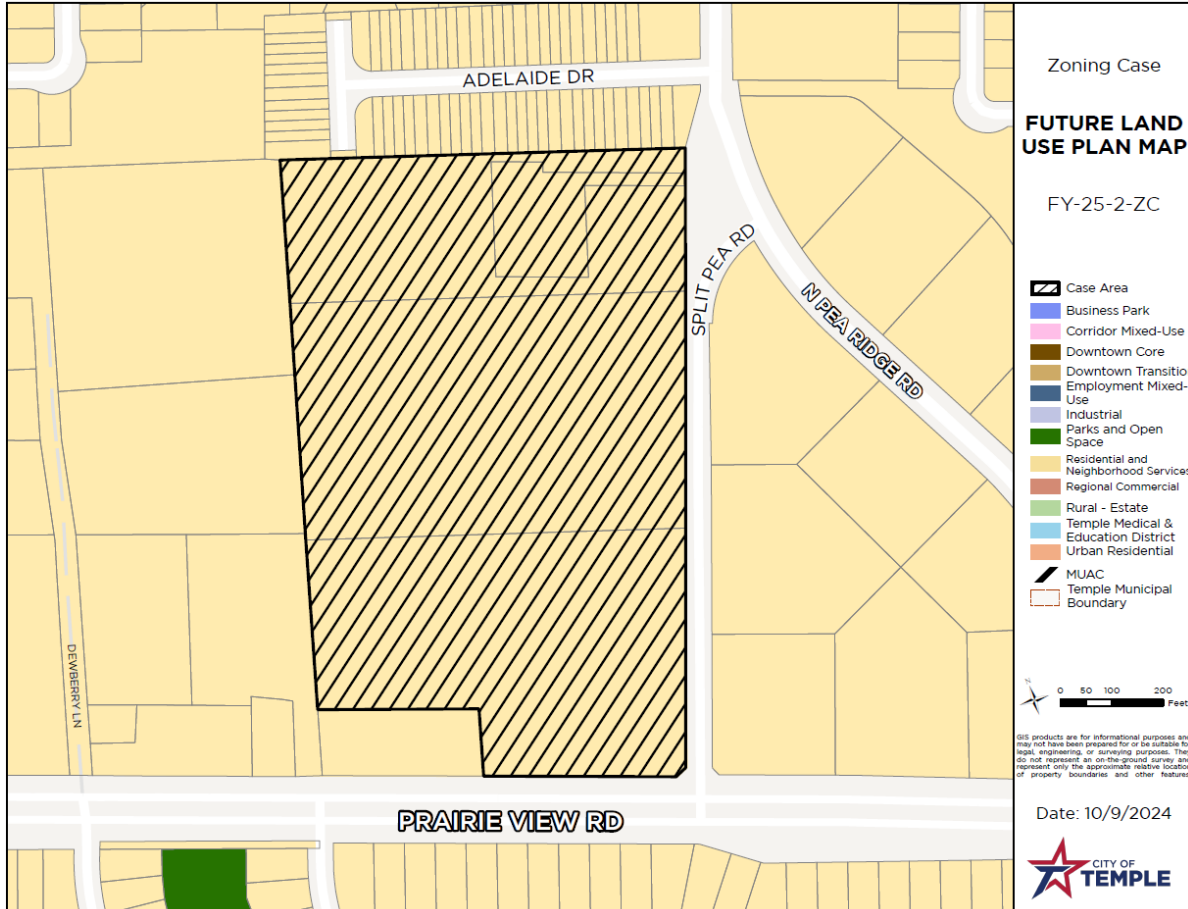

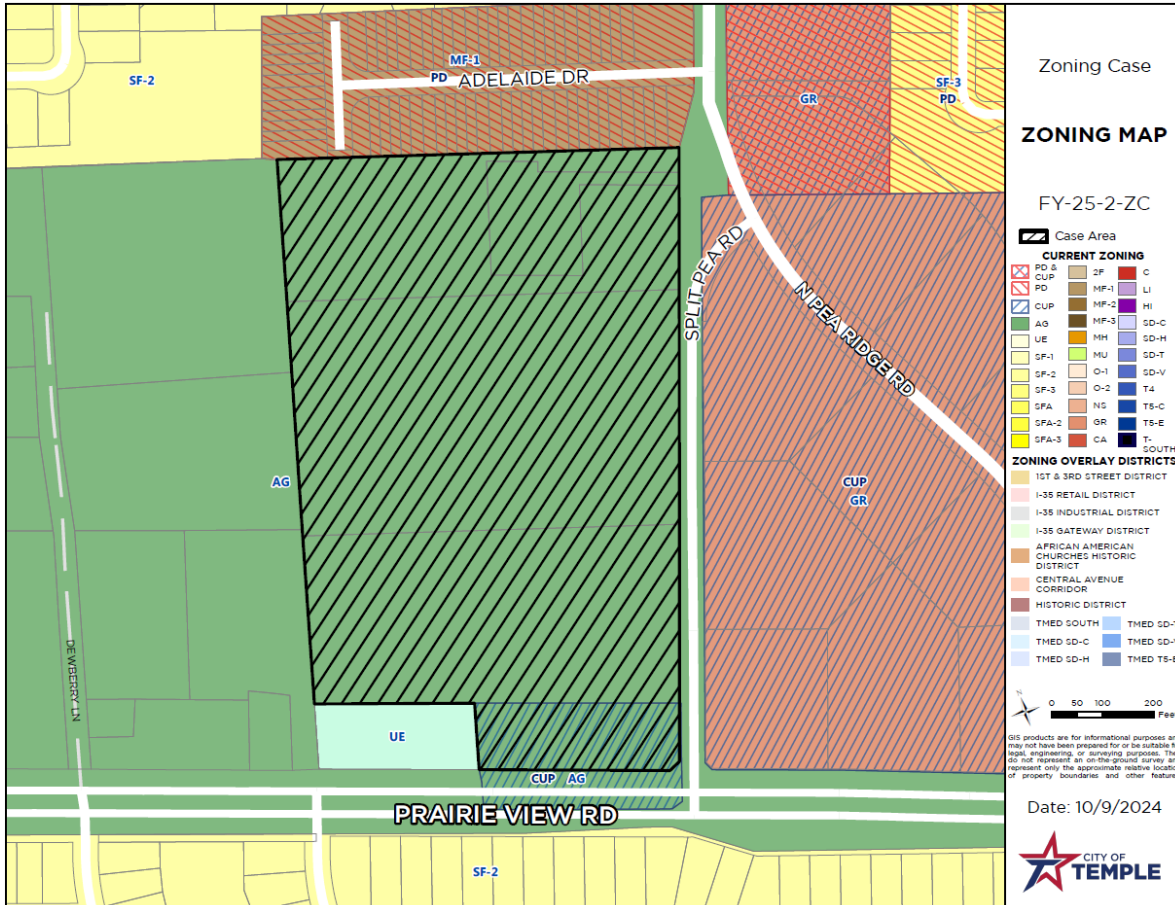

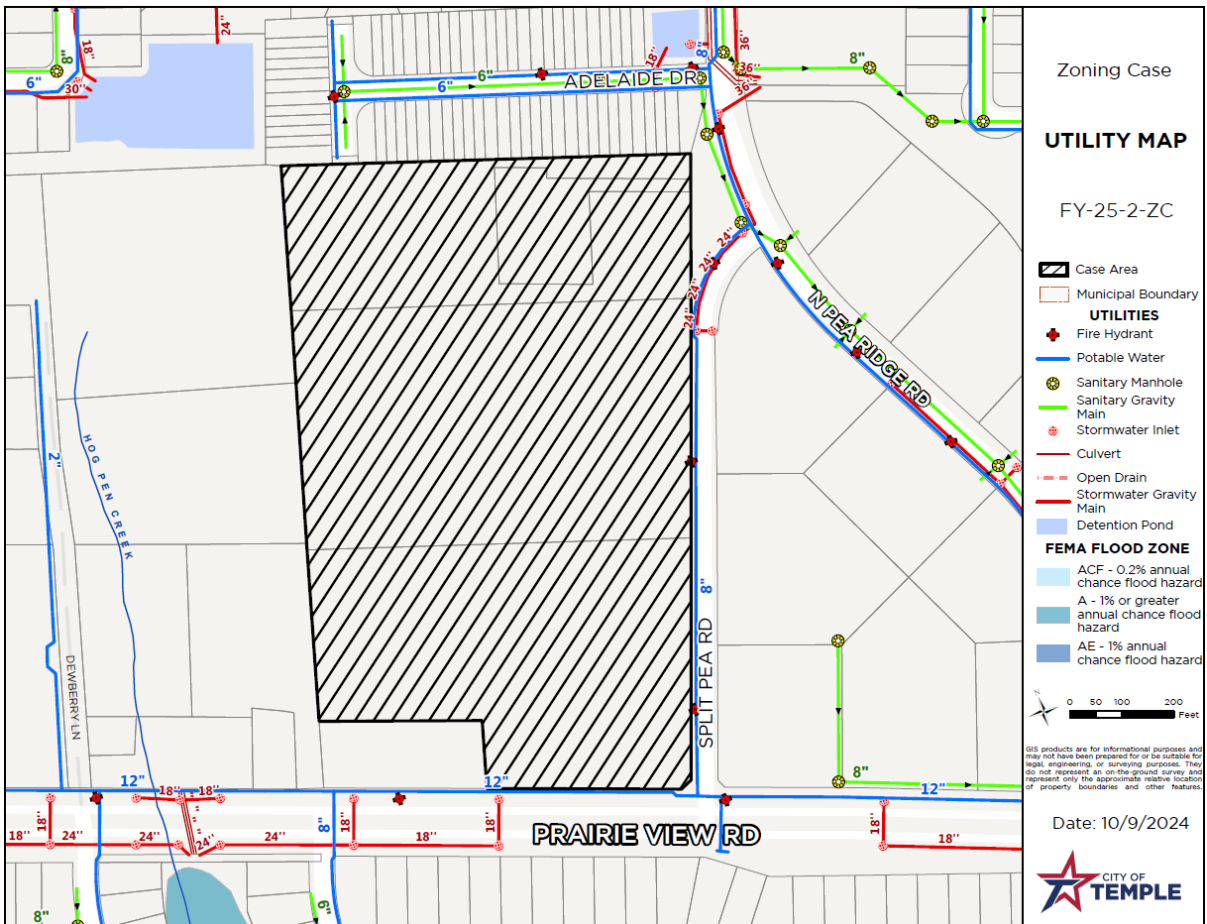

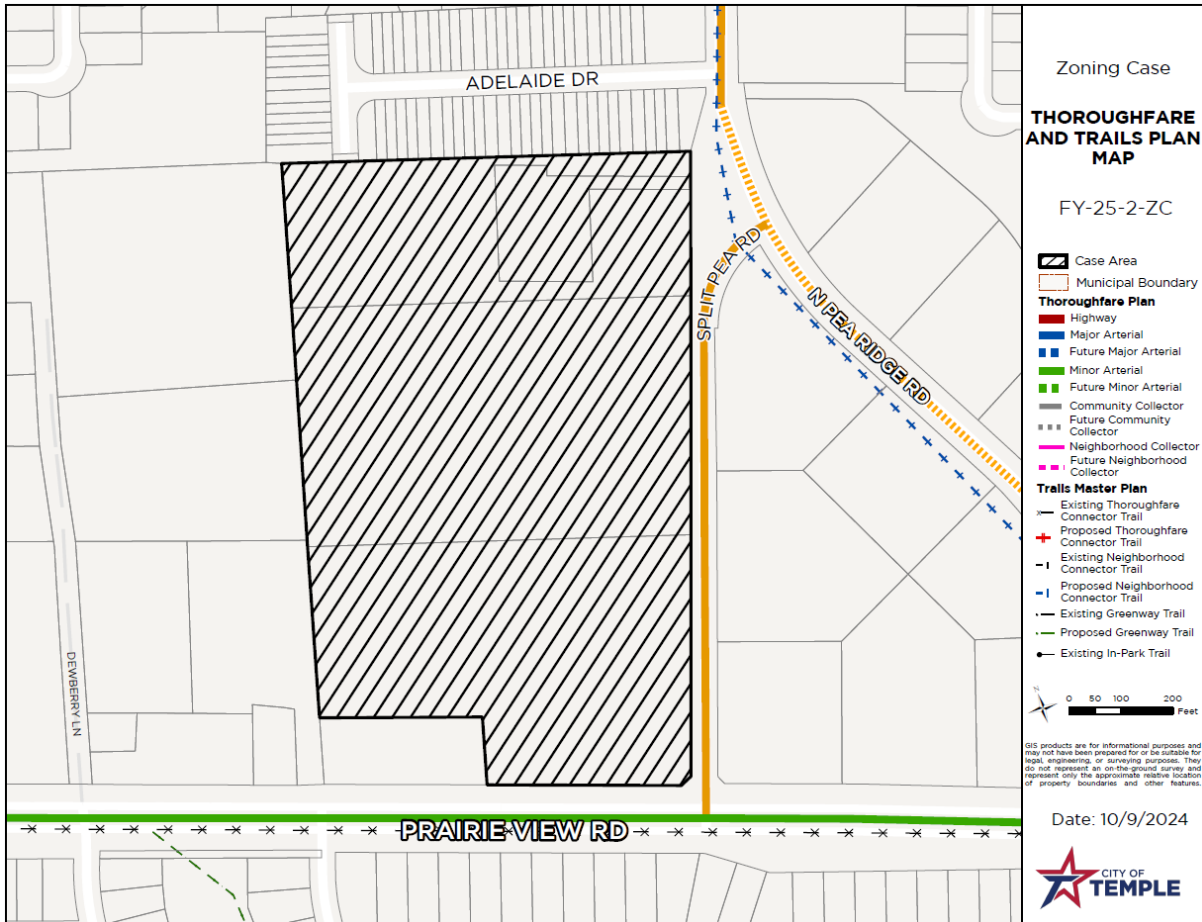

Planned Development Criteria and Compliance Summary

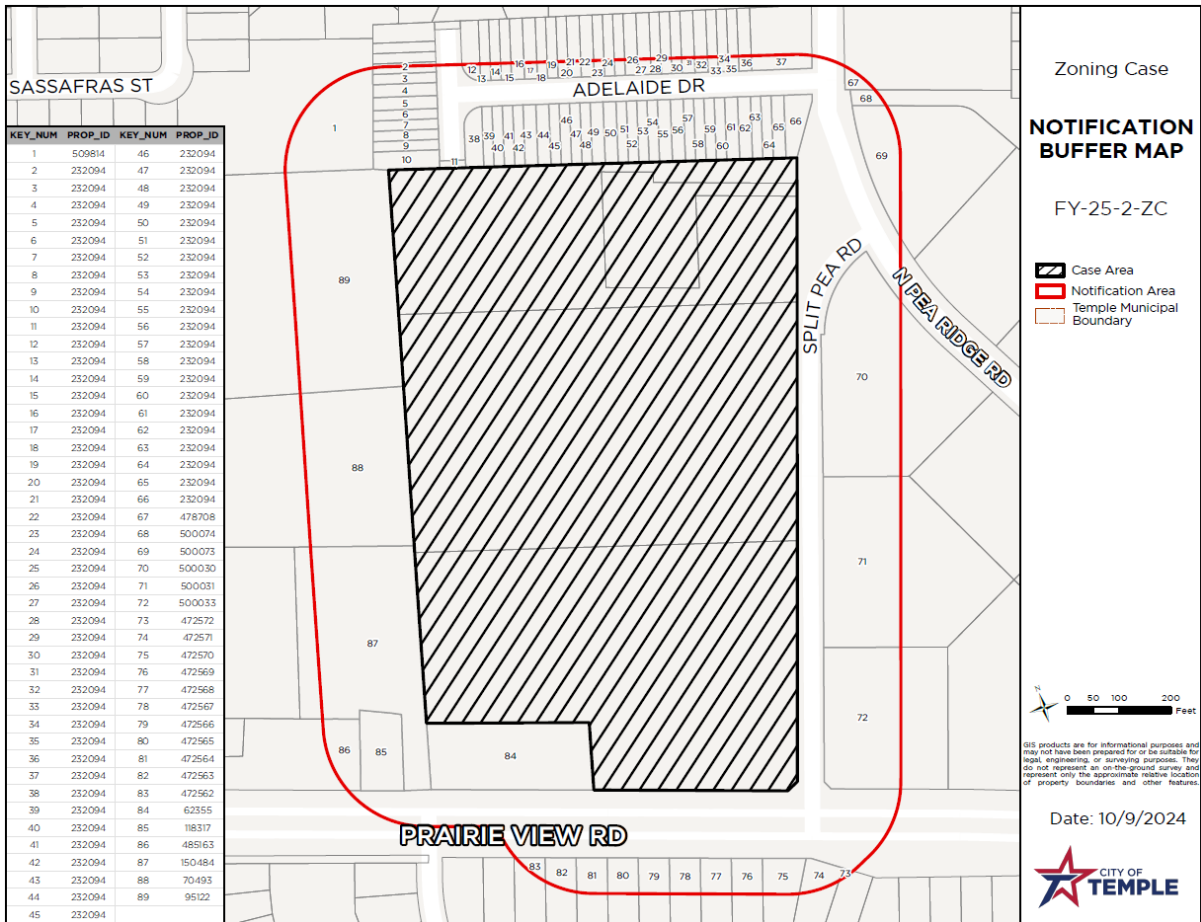

UDC Code Section 3.4.5 (A-J)	Yes/No	Discussion / Synopsis
A. The Plan Complies with all provisions of the Design and Development Standards Manual, this UDC and other Ordinances of the City.	YES	All provisions in the UDC and other city codes are satisfied.
B. The environmental impact of the development relating to the preservation of existing natural resources on the site and the impact on natural resources of the surrounding properties and neighborhood is mitigated.	YES	No impact on existing natural resources is anticipated.
C. The development is in harmony with the character, use and design of the surrounding area.	YES	The proposed zoning appears to be in harmony with the residential townhome development to the north and the NS zoned portion will enable development that will provide services to the residents. The proposed zoning is consistent with the Future Land Use designation of Residential and Neighborhood Services.
D. Safe and efficient vehicular and pedestrian circulation systems are provided.	YES	A PD conditions requires a 5' sidewalk along Split Pea Road for safe pedestrian access. Other elements will be evaluated with the detailed site plan and subdivision plat.
E. Off-street parking and loading facilities are designed to ensure that all such spaces are usable and are safely and conveniently arranged.	YES	Parking will be provided on site as required in UDC Section 7.5 Off Street Parking and Loading. A PD condition requires extra parking (2.5 spaces per dwelling unit). Rear parking is required for lots with width less than 25 ft.
F. Streets are designed with sufficient width and suitable grade and location to accommodate prospective traffic and to provide access for firefighting and emergency equipment to buildings.	YES	This will be evaluated with the subdivision plat and detailed site plan. Entrances will comply with the residential subdivision entrance/access design standards.
G. Streets are coordinated so as to compose a convenient system consistent with the Thoroughfare Plan of the City.	YES	The City's Thoroughfare Plan shows Prairie View Road as a minor arterial and Split Pea Road as a Community Collector. Split Pea Road will be evaluated to determine if a downgrade to local or neighborhood collector would be appropriate. The proposed development will design internal streets to feed into the Thoroughfare Plan system.
H. Landscaping and screening are integrated into the overall site design: 1. To provide adequate buffers to shield lights, noise, movement or activities from adjacent properties when necessary. 2. To complement the design and location of buildings.	YES	PD conditions reflect requirements in UDC Section 7.7 Screening and Buffering. Screening and buffering required along residential perimeter along the west and south sides, and along the NS perimeter on the north and west sides. PD requirements include one tree in the front yard of the residential lots and landscaping along the perimeter streets frontage with trees at 50 ft. spacing.
I. Open space areas are designed to ensure that such areas are suitable for intended recreation and conservation uses.	YES	Park fee of \$225/dwelling unit applies for the residential portion. On site amenities, if provided, will be evaluated with the site plan and subdivision plat.
J. Water, drainage, wastewater facilities, garbage disposal and other utilities necessary for essential services to residents and occupants are provided.	YES	Water is available to serve this site. A wastewater extension is needed for sanitary sewer service and will be evaluated in more detail with the subdivision plat. Drainage needs and stormwater runoff will also be evaluated with the plat.

**RESPONSE TO PROPOSED
REZONING REQUEST
CITY OF TEMPLE**

November 21, 2024

Prop ID# 62355
LOPEZ, ROBERT ETUX JENNIFER
8640 PRAIRIE VIEW RD
TEMPLE TX 76502

Zoning Application Number: FY-25-2-ZC

Case Manager: Cheryl Maxwell

Location: 8570 Prairie View Road, 1814 Split Pea Road, and 1900 N Pea Ridge Road

The proposed rezoning is the area shown in hatched marking on the attached map. Because you own property within 200 feet of the requested change, your opinions are welcomed. Please use this form to indicate whether you are in favor of the possible rezoning of the property described on the attached notice, and provide any additional comments you may have.

I ☐ agree ☒ disagree with this request

☐ I own multiple properties subject to this notice and my response here applies to all of them

Comments:

As we are the most affected by this proposed rezoning, we have many
concerns, including privacy (how much of a buffer zone?), increased traffic,
removal of our "Prairie View", wildlife displacement (deer, foxes, raccoons,
possum, rabbits), drainage issues, increased noise, property value, etc.
