Land Use definitions are listed below.

Land Use Code 150 - A warehouse is primarily devoted to the storage of materials, but it may also include office and maintenance areas.

Land Use Code 712 - A small office building is the same as a general office building (Land Use 710) but with less than or equal to 10,000 square feet of gross floor area. The building typically houses a single tenant.

Land Use Code 941 – A quick lubrication vehicle shop is a business where the primary activity is to perform oil change services for motor vehicles. Other services provided may include preventative maintenance, such as fluid and filter changes.

Land Use Code 942 – An automobile care center houses numerous businesses that provide automobile-related services, such as repair and servicing, stereo installation, and seat cover upholstery.

Land Use Code 943 – An automobile parts and service center sells automobile parts for do-it-yourself maintenance and repair including tires, batteries, oil, and sparks plugs. The center may also sell automobile parts to retailers and repair facilities.
