CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

My name is Michael Carter and I am the Police Chief of Dawson, TX. We are a small city with a population of only 807 located between Waco and Corsicana. At this time we have 3 officers, myself included. Until recently we've had two patrol vehicles. Unfortunately while transporting to the county jail, our 2006 charger broke down on my officer and had to be towed back to the city. We have managed to keep it in service up until this point, but we are not sure with repairs that it will continue to be safe for my officers to use. Currently we only have one vehicle.

We are in the process of trying to budget in a new vehicle, but being such a small city, our funds are limited.

I am reaching out to you today to see if your department has the availability to donate a vehicle that you may no longer be in need of to the City of Dawson Police Department so that we can continue to serve our small community.

Thank you for your time and consideration,
Chief Michael Carter

City of Dawson Police Department
